

Session 1: Fellowship with One Another (Acts 2:42-47) & Love One Another (John 13:34-35; Romans 12:9-21)

Ice Breaker: Over the course of the last 18 months or so, share what fellowship looked like for you?

1. We are all different – our backgrounds, work experiences, views on different life issues. What unifies us that makes Christian fellowship possible?
2. Based on the Greek word for fellowship, *koinonia*, and the description of the early church in Acts 2:42-47, what is Christian fellowship?
3. How does what Luke described in Acts translate to today?
4. Do you currently experience the degree of fellowship that you would prefer? Why or why not? What might be done to maintain a satisfactory level of fellowship or to address any short comings?
5. What does God's love mean to you?
Did we earn or merit God's love?
6. What implications should we draw when Jesus says, "Love one another as I have loved you?" (John 13:34)
7. Read Romans 12:9-21. What does love look like
 - in this group?
 - in the congregation?
 - in your community?What makes this difficult?
